

Appl. No. 10/602,820
Amendment dated: February 7, 2005
Reply to OA of: September 20, 2004

REMARKS

Applicant has amended the specification as suggested by the Examiner in the Official Action thereby replacing the original title with a more descriptive title. The abstract has also been amended as required. Accordingly, it is most respectfully requested that these objections be withdrawn.

The Examiner has also objected to the drawings in that Fig. 1 and 2 should be labeled with the legend "Prior Art" because only that which is old is illustrated. Accordingly, the drawings have been amended and are found at the end of this paper marked "Replacement Sheets". It is therefore most respectfully requested that this objection be withdrawn.

In view of the above comments and further amendments to the specification and drawings, favorable reconsideration and allowance of the application are most respectfully requested.

Respectfully submitted,

BACON & THOMAS, PLLC
